Bursary Application

Maritime Christian College (MCC) is pleased to make available various bursaries to help assist students with the cost of college. The assistance offered is provided by various individuals, families, and churches in memory of a loved one or for the basis of preparing believers for works of service. Bursaries are decided by a faculty committee. To be eligible recipients must be full-time students for two consecutive semesters. Recipients must be of good Christian character and conduct, and exhibit the traits of diligence and sincerity. One half of the bursary amount will be disbursed first semester; the second half of the bursary amount will be disbursed second semester pending a satisfactory review by the faculty committee (to determine if qualifications and grades are satisfactory to the standard of the school – for example passing all courses and obtaining the required GPA).
